

## **Osteopathic Sports Care Association (OSCA)**

The Osteopathic Sports Care Association (OSCA), is a non-profit organisation established in 1995. OSCA's currently has 119 members with the majority located in the United Kingdom, and does accept non-UK members and students. It employs one part-time Administration Officer.

Its two main objectives are:

- a) To promote educational opportunities for osteopaths interested in the healthcare and well-being of sports people, and
- b) To promote Osteopathy in the context of sport.

OSCA's major activities include:

- Promotion of osteopathy within the sporting world, and
- Provide continuing professional development opportunities for osteopaths with special interest in sports care.
