Board and Member Introductions
The chair opened the meeting with introductions of the OIA Board members and a welcome to the attendees.

Approval of Minutes
The Full membership moved, seconded and approved the minutes from the 2011 Annual General Meeting as presented.

Board Reports
The Board of Directors presented their annual reports to the membership for their information.

Olympic Initiative: Mr Walker reported that the OIA Board of Directors surveyed and collected information from member organisations regarding osteopathic practitioners treating Olympians, past and present. The Board polled members about which practitioners treat or have Olympians; in which sports; and if the athletes won medals. This information was collated and prepared for a press release that was released to publications in North America, Europe and Australasia, as well as being made available to our member organisations during the 2012 London Olympic Games.
5-Year Reviews: This year saw the first 5-year review process. The information received will help the OIA ensure that its members are still in the correct membership category and, for Full members; it will determine membership dues for the next year. Staff will coordinate 5-year reviews regularly starting with the new calendar year.

OIA Secretary-Treasurer Report
Mr Mulholland-Licht reported on 99% of OIA’s projected dues by member organisation, less the two temporarily suspended organisations:
  - 68% Full Members
  - 7% Associate Members
  - 25% Partner Members
However, this does not include expenses incurred from this conference. Registration for the conference totalled 111 attendees at the conference. This includes registrants, Board, speakers, leadership and staff.

Mr Mulholland-Licht noted the OIA was the recipient of over $11,000 in funds transferred to the OIA due to the dissolution of the World Osteopathic Health Organisation (WOHO). The memorandum of understanding between the AOA-US and the OIA remains in effect, noting that the OIA pays the AOA-US USD $18,000 per year for administrative services. This agreement includes staff support, IT and telecom services, and office occupancy costs for the day to day functions of the OIA; this agreement is renewable on an annual basis.

The Full membership moved, seconded and approved the 2011 Secretary-Treasurer Report as presented (see Addendum I for full report).

Committee Reports
The committee chairs presented the work that their committees have completed in the last year.

Governance Committee
Dr Buser reported for the Governance committee, stating that the Committee developed the proposed by laws that are up for review at this AGM.

Internal Affairs Committee
Mr Mulholland-Licht reported on the following committee responsibilities and projects:
  - Oversight of the quarterly OIA Newsletter,
  - Coordination, review and update of the OIA website.

External Affairs Committee
Mr Tim Walker reported on the following committee responsibilities:
  - Identify potential new member organisations to assist the Membership committee with prospective member drive, and
  - Focusing on expanding to new and underrepresented areas of the world.
**2012 Nomination Task Force:** Dr Nichols said there will be a full report.

Dr Nichols stated that the task force would provide a full report during the Candidates Forum.

**Membership Committee**

Mr Fielding reported that since the last AGM the committee received seven (7) new applications. As of this publication, the following applications were approved: one (1) new Full member, Medecins Osteopathes De France – Le Syndicat (ODFS) (December 2011); three (3) Associate Members, Belgian Society of Osteopathy (SBO-BVO, UP) (December 2011), Register for Osteopaths of Belgium (ROB) (December 2011), Uniform National Register of Osteopaths (UNRO) (December 2011), and one (1) Partner member, Alberta Association of Osteopathic Manual Therapists (AAOMT) (September 2012). Two (2) applications are pending review: one (1) Full member, Swiss Organisation of Osteopathic Physicians (SAGOM) and Ontario Federation of Osteopathic Professionals (OFOP).

**MOTION:** The Full membership moved, seconded and unanimously approved ratification of the following organisations as stated: one (1) new Full member, Medecins Osteopathes De France – Le Syndicat (ODFS) (December 2011); three (3) Associate Members, Belgian Society of Osteopathy (SBO-BVO, UP) (December 2011), Register for Osteopaths of Belgium (ROB) (December 2011), Uniform National Register of Osteopaths (UNRO) (December 2011), and one (1) Partner member, Alberta Association of Osteopathic Manual Therapists (AAOMT). See Addendum II for the full list of approved members.

**OIA Status Reports – Stages 1 & 2**

Dr Buser and Mr Standen reported that the Stage 1 report was published in April and is available on the OIA’s website (http://www.oialliance.org/osteopathy-status-report.htm) to present the broad range of the osteopathic profession, including both streams: osteopathic physicians and osteopaths worldwide. The report has been developed by the OIA Board of Directors, with input from its member organisations and in concert with the World Health Organisation (WHO).

The OIA is now focused on Stage 2, an epidemiology survey of the osteopathic profession that will create a snapshot of the practice of the profession. The OIA worked in cooperation with the WHO to create the survey, which aims to answer questions such as: what are we really doing, what are our educational standards, what kind of complaints we treat, what diagnoses we find, what methods we use, what roles the profession plays for income and what place osteopathy/osteopathic medicine has in health care. The survey was distributed to osteopathic physicians and osteopaths all around the world and offered in half dozen languages.

**Presentation of the OIA Website Redesign:** Mr Michael Zarski (AOIA Partner Member) has been working with the AOA-US staff to prepare a revised OIA website. Mr Zarski presented a preview of the new website, to go live shortly after the meeting.

**Proposed OIA Bylaws Changes**

Dr Buser presented the proposed bylaws changes to the members:

for-profit organization and operated exclusively for charitable and educational purposes in accord with Section 501(c)(3) of the Internal Revenue Code of 1986. The corporation is organized to advance the philosophy and practice of osteopathy throughout the world both for osteopathic medicine and osteopathy while promoting excellence in osteopathic medical education, research, and healthcare delivery.

The goals of the OIA are to:

Promote excellence in osteopathic medical education, research, and healthcare delivery.

Sponsor and deliver educational forums.

Collect and disseminate accurate and targeted information about the state of the osteopathic profession worldwide.

Participate in jointly sponsored research and healthcare related activities.

Conduct consultative partnerships with international associates and organizations to support the osteopathic profession.

### Candidates Forum

#### Candidates Comments:
Dr Nichols introduced the candidates and asked each of them to speak briefly to the membership about why they should be elected to the Board of Directors. Dr Buser and Mr Standen are not eligible to stand for re-election as they are completing their second consecutive terms. Mr Mulholland-Licht has complete his 1st term and is able to run again.

The Nominating committee received and approved the following five (5) nominations to stand for election at the AGM for three (3) positions on the Board that are up for election:

- William Burke, DO (US)- Nominated from the AOA-US (Full member – guaranteed seat);
- Fara Catuelle, BSc, DO – MROB (BE), Nominated from the ROB (Associate member);
- Charles Hunt, DO (UK), Nominated by the BOA and GOsC, representing the BSO (Partner Member);
- Michael Mulholland-Licht, DO (AU), Nominated from the AOA-AU (Full member); and
- Dixie Tooke-Rawlins, DO (US), Nominated from VCOM (Partner member).

Dr Burke and Mr Mulholland-Licht will be elected by acclamation because of bylaws guarantees.

Following the candidates’ remarks, Mr Standen and Dr Buser were presented with gifts and thanks for their service to the Board and the osteopathic profession as their terms concluded.

### Voting procedures

Mr Standen summarised the voting procedures, noting that each delegate would be given one ballot for each of their allotted votes.

AOA-US, as the largest osteopathic physician organisation, is guaranteed two seats by the OIA statutes. The AOA-US's designated seat being vacated by Dr Buser will be filled by their designee (Dr Burke), by acclamation, according to the bylaws.
Additionally, the OIA bylaws state “the maximum number of Directors shall be nine (9), as established by resolution of the Board. Representatives of all member organisations in good standing shall be eligible for election as directors. Six (6) positions shall be allocated for Full members, and the remaining three can be filled by Associate, Partner or lay members.” Dr Carreiro represents a partner member and Mr Fielding is a lay member, leaving one available seat that can be filled by an associate, partner or lay member. Therefore, in order to remain in compliance with the OIA bylaws, Mr Mulholland-Licht must be re-elected to maintain the requirement of six board members representing OIA full member organisations. The remaining seat will then be filled by the election of one of the three remaining candidates (Ms Catuelle, Mr Hunt or Dr Tooke-Rawlins).

Mr Standen then reviewed the voting structure pertaining to Board elections. The structure is based on membership numbers, where each country delegation has a minimum of two votes. One additional vote is accumulated per every 2,000 members, with no organisation having more that 33% of the total votes. Currently Australia, France, Switzerland, New Zealand delegations have two votes; United Kingdom (delegation shared by the GOsC and the BOA) and Germany (delegation shared by the DGOM, DAAO and VOD) delegations have three votes, and the American Delegation is capped at eight votes, for a total of 21 votes.

Board Election Results
The Full member representatives were given their voting ballots. The elections resulted in Dr Burke being elected by acclamation to his first term. Mr Mulholland-Licht was re-elected to remain in compliance with the OIA bylaws, which require that six (6) Board members represent OIA Full member organisations. Mr Hunt, DO was elected to his first term. All are three-year terms.

General Questions and Answers
Future AGMs: Members would like the Board to consider that Partner and Associate members be allowed to vote for their nominees on the Board.

Ms Marina Fuhrmann requested the Board to consider adding an additional forum to the programme that would focus on Associations. Dr med Mayer noted that the Board is already looking at revising the conference programme format. Mr Antony Nicholas requested that the Board consider conjoined groups of regulators, educators and associations for future programmes.

Members would like the Board to consider that Partner and Associate members be allowed to vote for their nominees on the Board.

Research: The members asked if the Board has pursued any research. Mr Mulholland-Licht noted that this is an area the Board is trying to address; Ms Fuhrmann urged the Board to keep this topic high on their priority list.

The chair thanked the membership for its continued support of the Alliance, and acknowledged the Syndicat National de l’Enseignement Superieur en Osteopathie (SNESO) and Syndicat Français Des Ostéopathes (SFDO), for making this Conference a great success. And, thanked the staff for their work and support of this conference.

Mr Standen thanked Dr med Mayer for his work as Chair on the Board,
2013 Annual General Meeting: Next year’s meeting is planned to be held in the United States.

The 2012 Annual General Meeting was adjourned.

*Indicates bylaw-guaranteed seat. Two seats guaranteed for largest osteopathic physician group (Currently AOA-US); one seat guaranteed for largest osteopath group (Currently GOsC).
