This European Standard was approved by CEN on 30 April 2015.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving Standards the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the status of the official version.
